**F.Y.B.B.A. Semester-I**

**Effective from June 2011**

**Computer Application-I**

- |   |     |
|---|-----|
| 1. Introduction to Hardware   | 20% |
| a. Computer Introduction  |     |
| b. Characteristics and limitation of computer                             |     |
| c. Block diagram of computer  |     |
| d. Input/Output/Storage Devices   |     |
| 2. Introduction to Software   | 20% |
| a. Types of software(System s/w and Application s/w)                      |     |
| b. Computer Languages(Low level and High level)                           |     |
| c. Operation system (Functions, Features and types of OS)                 |     |
| 3. Introduction to Windows  | 20% |
| a. Windows objects (Title bar,Menu bar, Tool bar, Status bar, Scroll bar) |     |
| b. Desktop Component (Task bar, My computer, My n/w place, Recycle bin)   |     |
| c. File Manager and Print Manager   |     |
| 4. Word Processing package  | 20% |
| a. Features   |     |
| b. Formatting text and paragraph  |     |
| c. Working with tables  |     |
| d. Bullets and numbering  |     |
| e. Graphics   |     |
| f. Hyperlink and bookmark   |     |
| g. Macro  |     |
| h. Mail merge   |     |
| 5. Presentation package   | 20% |
| a. Creating and editing slides and objects                                |     |
| b. Custom animation effect  |     |
| c. Slide transition effect  |     |
| d. Design templates   |     |
| e. Running slide show   |     |

# Veer Narmad South Gujarat University

## Proposed syllabus for Principles of Management - 1 FYBBA Semester I Effective from June 2016

**Note:** Discuss case study in each Unit. Weightage of case study may be 20%

### Unit 1: Introduction to Management (35%)

1. Introduction and Definition of Management (People, Efficiency, Decision and Function oriented)
2. Evolution of Management Thoughts (Brief idea about various approaches e.g. Empirical Approach, Human Behaviour Approach, Social Systems Approach, Decision theory Approach, and Detail Discussion of System Approach, Contingency Approach, Henri Fayol's Fourteen Principles)
3. Universality of Management
  - Arguments in Favour and Against of Universality of Management Principles
  - Conclusion that management theories are Universal & Techniques & Practices are not
4. Management Process: Input (6Ms), Process (Functions: Planning, Organising, Staffing, Directing and Controlling) and Output (Profit maximization, Customer Satisfaction, Market Share, Cost leadership etc.)
5. Features of Management (Management is Intangible, Goal Oriented, Universal, Social Process, Group Activity, System of Authority, An Activity, Dynamic, Science as well as an Art, Multidisciplinary)
6. Management as Science & Art
  - Properties of Science and Art
  - Management as science
  - Management as art
  - Conclusion: Management is both Science & art.
7. Management as a profession
  - Features of profession like (Well-defined body of Knowledge, Formal Education and Training, Minimum Qualification, Representative Body, Service above self, Ethical code of conduct)
  - Pros and Cons of Professionalisation of Management
  - All India Management Association & its codes of conduct

### Unit 2: Planning (45%)

1. Definition of Planning & Introduction
2. Features & Importance of Planning
3. Limitations of planning
4. Process of Planning.
5. Management by Objectives (MBO) Meaning and Process

*GPavel*
